

**Headline:** Adam Zhang Recertified as CCRA at Frestedt Inc.

**Subhead:** Frestedt Inc. staff provide clinical services!

**Author:** Frestedt Incorporated / Alimentix

*October 15, 2020 St. Louis Park, MN*

Frestedt Inc. is pleased to announce Adam Zhang has been recertified as a Certified Clinical Research Associate (CCRA) by the Association of Clinical Research Professionals (ACRP). As a CCRA, Adam provides critical functions for clinical research by monitoring GCP compliance, protocol compliance and data quality for Frestedt Inc. clients.

Experts in clinical evaluations, Frestedt Inc. recently completed review of another Investigational New Drug (IND) amendment for the United States (US) Food and Drug Administration (FDA) including protocol, informed consent form (ICF), investigators brochure (IB) and new site investigators while also issuing an interesting CER (Clinical Evaluation Report) to ensure a device meets safety and performance requirements in Europe. Since March 2020, Frestedt Inc. has been continuously registering establishments and listing product labels with FDA for COVID-19-related products to help get new, urgently-needed products to market.

If you need help in any of these areas Frestedt is ready to provide services.

### **About Frestedt Inc.**

Frestedt Incorporated ([www.frestedt.com](http://www.frestedt.com)) is a consulting service organization founded on February 26, 2008 to provide exquisitely targeted clinical, regulatory and quality system solutions for the pharmaceutical, medical device, biotechnology and food-related industries. We provide expertise to our clients in all stages of product development from bench, preclinical, and clinical trial services to post market research and the integration of new safety, efficacy and performance data into the developing risk management portfolio. We provide design and development leadership to research centers conducting clinical trials and regulatory submissions in order to improve the quality and cost effectiveness of the research service provided. As a result of this broad-based service approach to the industry, our clients have included some of the largest and smallest manufacturers of drugs, devices and foods in the world, as well as academic centers, Clinical Research Organizations, and clinical trial sites.

### **About Alimentix**

Alimentix ([www.Alimentix.com](http://www.Alimentix.com)) is a comprehensive clinical investigation center (clinical trial site) dedicated to conducting clinical trials for foods, food ingredients, dietary supplements, natural products, over the counter pharmaceuticals and non-significant risk medical device products. We have conducted trials as diverse as weight loss and OA, for products including calcium derived from Irish seaweed, and meal replacement beverages and we have published and presented our work both privately and within public reviewed settings.
